**Compaction Equipment**  
Durability for Demanding Jobs

# TOUGH JOBS DEMAND TOUGH MACHINES

Bridge repair. Road maintenance. Asphalt. Conditions like these demand tough equipment. And Chicago Pneumatic delivers with a complete range of durable solutions you can count on. From tampers to trench rollers, these units are easy to service, made to last and designed to give you the power and performance you need in the toughest conditions — day after day and job after job.

MV165

GX 165

# Powerful Compaction in Both Directions

CP forward and reversible plates are used for compacting dirt, gravel and soil in a variety of applications.

Chicago Pneumatic forward and reversible plate compactors deliver excellent compaction power and speed in either direction. You can even back your way out of a trench while still compacting for enhanced productivity. These units are built for tough conditions with a heavy-duty frame and quality components. Vibration-dampened handles also add operator comfort and safety.

**SMOOTH CONTROL**

User-friendly controls allow smooth regulation of speed and compaction depth. Operators can change direction without removing their hands.

**EASY TRANSPORT**

Heavy-duty lift bar allows for convenient transport on the job site. *Not available on all models.*

**REDUCED VIBRATION**

Ergonomic handles have large shock absorbers to reduce operator fatigue. The dynamical balanced engine design also dampens vibration.

**POWER AND RELIABILITY**

Models feature Honda gasoline or Hatz or Lombardini electric-start diesel engines.

**EXTREME DURABILITY**

The bottom plate is made of Hardox 400 steel for excellent wear. All units also feature a robust design with convenient service access.

MV 305

**SELF-CLEANING PLATE**

The large open space between the upper and lower mass allows debris to fall off for easy cleaning.

## Over 100 Years of Experience

Since 1901 the Chicago Pneumatic name has represented high-performance tools and equipment designed for an extensive range of applications. Today, Chicago Pneumatic has a global reach, with local customer centers around the world. Chicago Pneumatic tools and air compressors are tailored to the needs of the industrial, vehicle service, and construction markets. Every day we develop and manufacture new products that are meant to meet your demands not only today, but tomorrow as well.
