

## Husqvarna K 6500

*Husqvarna K 6500 is equipped with high frequency PRIME™ technology, making it our most powerful electric cutter ever. The high power output, well-balanced body and low vibration levels make this machine very efficient and easy to use. The PRIME™ product range enables you to combine the system that is most efficient for your business. The K 6500 can be used with either the PP 65 or the PP 220 as a power source. Expand the system as your needs develop.*

### IMPRESSIVE POWER

High power output on both 3-phase (5.5 kW) and 1-phase (3 kW) at 220 - 240 V / 180-480 V

### FLEXIBLE POWER SETUP

Operates with both 3- and 1-phase power.

### ERGONOMIC DESIGN

The ergonomic design with low system weight and well balanced body with optimally positioned handles minimize the strain on your body.

### AUTOMATICALLY OPTIMISED POWER AND RPM

This machine is controlled by a power pack with built-in intelligence that communicates with the machine motor to ensure optimal power and rpm for each cutting job.

## Features Husqvarna K 6500

- Overload protection by LED indicator
- A powerful electric cutter for both indoor and outdoor use.
- Wet cutting is supported by easily adjustable water flow during operation. The water flow starts first when the trigger lock-out is activated.
- The blade on all of our electric cutters rotates forward, cutting into the material efficiently, minimizing the risk of sticking and kickbacks.
- The On/Off water trigger supports wet cutting, with easily adjustable water flow during operation. The water flow starts first when the trigger lock-out is activated.

### TECHNICAL DATA

Power	5500 W
Blade diameter	400 mm
Max cutting depth	145 mm
Weight (excl. cutting equipment)	10 kg
Vibrations front handle	3 m/s <sup>2</sup>
Vibrations rear handle	3 m/s <sup>2</sup>
Sound power level, guaranteed (LWA)	111 dB(A)
Sound pressure level at operators ear	99 dB(A)
