

# Half-Ton Skid Mounted Asphalt Hot Box Reclaimer KM-1000

***Ideal for repairing asphalt on walking trails, bicycle & golf cart paths!***

This half-ton skid mounted asphalt hot box is portable and is great for golf cart path maintenance! The mobility of this unit makes it easier to reach paths that are remote or hard to get to. The hot box easily fits in the back of ATV's or utility vehicles.

- Quick and easy reclaiming of small loads
- Can go into the back of a UTV or 1/2 ton pick-up
- Perfect for bike paths and golf courses

*Team it with a KM2-18X infrared and start making money today!*
