

# STREET PRO SAWS

**Precision cutting performance  
on Concrete and Asphalt**

The **SP1G is the ideal 'green concrete' control joint flat saw**. It is a lightweight, very compact diamond saw specifically engineered to provide precision blade tracking, accurate raise/lower operations, positive sawing depth control and excellent dust evacuation.

## KEY FEATURES

Single-throw raise/lower assembly with integrated depth indicator and positive-locking depth stop for accurate in-and-out of cut control.

Unique blade guard design ensures safe blade coverage plus provides the dynamic directional point for cutting products so they can be controlled and removed.

Precision blade control is supported by a CNC machined, double sealed blade shaft bearing assembly made from 12L14 high tensile strength steel that is zinc plated.

# SP1G

A premium 'Green Concrete' diamond blade (10PSA) is provided with the SP1G.

- Die-cast aluminum frame for strength and resistance to flexing to ensure support to true tracking and sawing performance.
- Adjustable telescopic handlebar assembly is designed with a unique anti-vibration system for operator comfort.
- Powerful HONDA GX200 gasoline engine with cyclone air filtration for trusted performance.
- Rigid pointer assembly to assist in accurate saw control and tracking.
